

### RECOMMENDED APPLICATION

Waste lagoons: (i.e., poultry, swine and dairy operations; food processing plants)

Initial: Apply 2 gallons per surface acre of lagoon.

Maintenance: Treat daily with one gallon per surface acre. Automated Application Systems are available through CXI. (972) 471-7775

Compost Starter: (stacked animal waste, green waste, food waste and other compost material)

Apply 8 to 16 ounces of WasteAway per ton. Mix with water to achieve adequate moisture range of 45-60%. Apply early, in the composting process.

For Field Application: Apply directly to crop residue at a rate of 1 gallon per 100 gallons of water for up to 10 acres. Apply as soon after harvest as possible.

For Best Results:

- Ensure tank is free of residue, if using chlorinated water, let tank sit for 24 hrs. (with lid removed) before mixing.
- Do not apply when a crop is severely stressed.
- May be mixed with 2,4-D herbicides.
- Clean sprayer and nozzles thoroughly with water or soap (do not use anti-bacterial) mixture.

Note: Storage temp (50°-90°F). Mix with water. Due to the wide variety of uses and variations in severity of areas to be treated, specific application rates and procedures are best determined on a case by case basis. For assistance, please call CXI, LLC. (972) 471-7775.

**Shake well before using.**

### CAUTION:

USE ONLY AS SPECIFIED ON LABEL.  
KEEP OUT OF REACH OF CHILDREN.

# WASTE AWAY®

## IMPROVING THE ENVIRONMENT

### INGREDIENTS

A broad and diverse population of live naturally occurring beneficial soil & water microorganisms:  
Bacillus sp.,  
Pseudomonas sp., Arthobacter sp., Rhodococcus sp., Chlorobium sp., Cyanobacteria sp.,  
Actinomycetes sp.

This product contains more than 10 Million microorganisms per liter.

ENVIRONMENTALLY SAFE  
TOTALLY ORGANIC & NON-PATHOGENIC

NOTICE: Seller warrants that the product conforms to its biological description but makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Consumer assumes all risk of use of this material when such use is contrary to the label directions.
